THIS catalog contains the descriptions and photographs of 47 animals that we are proud to offer under the names and guarantees of Arnold Bros. and Mr. and Mrs. Ernest M. Sims. All are of thoroughly modern type and all are backed by the richest Scotch ancestry . . . absolute assurance that they will work improvement wherever they go.

A Familiar Scene at Shore Acres Farm.

WHENEVER a discussion of Elcona or Shore Acres calves comes up, words such as "outstanding," "perfect" and others like them are used freely. You will note that superlatives have not been used in the descriptions in this catalog because the owners prefer to accept the judgment of the public as to the individuality and quality of these cattle.

As an outsider who has been familiar with both herds since their inception, I can express my own opinion without restraint. In buying breeding cattle at public auctions, there are certain fundamentals that should not be overlooked. They include the integrity of the breeder and owner of the cattle, the strength of the foundation upon which the owner's herd was laid, the standing of the bulls that head the herd, the quality and conformation of the animals in the sale offering and the health of the lots offered and of the herds from which they come.

The owners of Elcona and Shore Acres herds are well known to be among the most honorable and upright persons connected with the livestock industry. The herds were founded within the memory of nearly all breeders of Shorthorns and it is common knowledge that only the best of females were permitted to enter these grand herds. It is common knowledge that the bulls used in both of these herds rate among the best of the breed in their ability to sire profitable and prize winning calves of each sex.

These breeders value their reputations too highly to offer any but cattle of superior type, quality and breeding in a public auction sale. The bulls and females listed in this catalog will not be excelled in any auction in this Centennial year. The sale will be unique in that there is no weak entry. Every lot is of the most modern type, of the highest quality and character and has a pedigree that gives assurance that it will breed true to its characteristics.

I do not believe my sincere admiration and liking for the owners of these two great herds has caused me to be warped in my opinion of their cattle. Having studied the sources of supply for good seed stock rather carefully over a period of a good many years, I realize that some places provide better buying opportunities and a greater measure of safety than others. I think that Shore Acres Farm, under the guidance of Arnold Bros. and Elcona Farms, under the guidance of Mr. Sims, are among the best.

The Elcona Breeding Herd

Elcona Farms started to breed purebred Shorthorn cattle in 1939. From the beginning, it has been the policy to place in the herd only those animals which measure up, in pedigree and individuality to the highest standards of type and quality. Price was a secondary consideration and the foundation stock was secured by purchasing the tops in many of the leading sales in this country and Canada.

From time to time the original number has been augmented by additions bought at private treaty and at public auction, with the same high standards controlling the selections. Every cattle man who has seen the Elcona breeding females has been strongly impressed with the unusual uniformity of the entire herd. This result has been possible because at the start a definite type was set up as the guide and that type has governed no matter where the purchases were made.

The most highly regarded blood lines are represented at Elcona. Both show and production records have been examined and if a list were made of the famous names appearing in the pedigrees that make up the Elcona herd book, it would constitute a veritable "who's who" in Shorthorn history.

Sni-A-Bar Royal Baron and his two sons have crossed well with these strains. With the purchase of Edellyn Royal Leader 22D, Elcona's owners and staff believe that a combination has been established which can well achieve a result that will be recognized as noteworthy wherever good Shorthorns are bred.

Edellyn Royal Leader 22d 2247151

Dark Roan, calved Sept. 12, 1944. Bred by Thos. E. Wilson, Wilson, Ill.

Owned by Mr. and Mrs. Ernest M. Sims, Elkhart, Ind.

Herd Bull **For Reference Only**

Edellyn Royal Leader 22d 2247151

Elcona Farms' new herd sire carries the most potent blood of the breed. The extended pedigree is dotted with famous names that have made Shorthorn history—Coldoch Sensation, Calrossie Mercury, Calrossie Grand National, Calrossie Control, Sultan Browndale, Glenburn Field Marshall, Naemoor Jasper, Browndale Count, Browndale, and Collynie Royal Leader. The last, greatest of all Shorthorn bulls, appears six times in the ancestry of sire and dam.

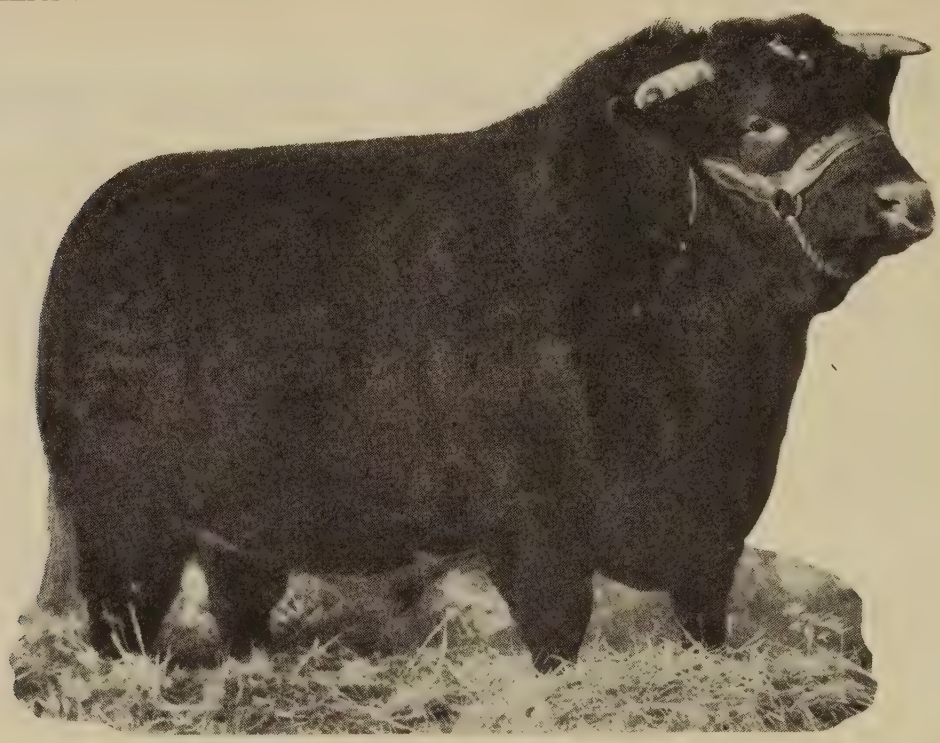

His sire, Edellyn Royal Leader, has earned the rating of All-American favorite during the four years since Professor Don Kays made him Grand Champion, at nine months, in the 1941 Indiana State Fair. His sons and daughters have been winning top honors in the leading shows and sales and have set a new modern record for consistently high sale prices. Sixteen of his sons, offered in the Edellyn Sales of 1944 and 1945 and the Congress Sales of the same years, averaged $4,264. Eleven of his daughters, sold in the same events, brought an average of $1,782.

This young bull's dam, an Edellyn show heifer, is a daughter of Calrossie Mercury, Perth Champion in 1939 and head of the New Dynasty. He is the son of the 1933 Perth Champion, sire of the 1941 Perth top winner, and grandsire of the bull that received the 1945 supreme Perth award. Here is a succession of four Perth Championships, a record never before equalled in Shorthorn history. The pre-potency of this line is thus assured, but it has been further demonstrated by the remarkable success of the sons and daughters and the grandsons and granddaughters of Calrossie Mercury in this country. The dam is a member of Mr. Wilson's famous Orange Blossom family. Her dam, another show winner, is a daughter of Sultan Browndale, International Grand Champion, and on both her sire's and her dam's sides, she traces back to Browndale Count.

Grand Champion bulls at both the 1944 and 1945 International Congress Shows were sons of Edellyn Royal Leader and out of Calrossie Mercury dams. The first went to Byron Hawks at $6,700 and the second to Hal Williams for $7,000. Reserves to the Grand Champion female in both shows were daughters of the All-American favorite, the winner of this award in 1945 being also a daughter of Mercury. The 1944 Reserve Champion sold for $2,100 to Dr. Taylor and the winner of the 1945 reserve position went to Mr. Strauss at $3,000 for his Cherry Hill Farm in Maryland.

In Mr. Wilson's 1944 sale, George Rossetter & Sons bought a son of Edellyn Royal Leader at the top figure of $9,000. In that year Professor Kays backed up his own judgment of the worth of Edellyn Royal Leader when he bought at private treaty one of his sons to head the Ohio State University herd. Elcona topped the Edellyn sale in 1945 with the purchase of Edellyn Royal Leader 22D at $6,500. In that event Mr. Wilson sold forty-three head for more than $78,000, thus setting a modern record in the history of Shorthorn public auctions.

Thirteen of the heifers in this sale carry the service of Edellyn Royal Leader 22D.

The others, with three exceptions, are by sons of Royal Baron, which were used as Junior herd sires. Sni-A-Bar Royal Baron is a double grandson of Baronet, famous imported bull whose sons and daughters are highly prized in the herds where they have gone.

Four of Royal Baron's five top sires were represented in the Brown Section of the December 25, 1939, issue of The Shorthorn World, which listed the breed's greatest sires. He, his sire, and his grandsire were all International first prize winners. He won first in a class of thirty-seven senior bull calves the first time he was shown. In 1940 he was undefeated in class at all major shows including the International and American Royal, and was Grand Champion in Indiana, Ohio, and Kentucky.

His calves have won high recognition at public auction and at private sale and have been particularly successful in the Indiana State Shows and Sales. Four that were offered in the 1943 and 1944 Congress events placed high and sold for an average of $1220.

At the International the same year she stood fourth in a strong class of thirty-seven that was won by Divide Patience 51st, later made Grand Champion. Her dam, Klaymor Amy, was also the mother of the heifer that sold in the 1943 Murphy sale at $3000, the top price paid in Canada for a female in several years and only exceeded in the United States, up to that time, by one female. ELCONA RANSOM BARON. The dam of this bull calf is a daughter of OAC Ransom 2D, one of the greatest sons of Millhills Ransom. He is the sire of OAC Ransom 21st, now jointly owned by Ed Murphy and Harry Greene, and of OAC Ransom 23D, in service at Ontario Agricultural College. Rosalie Ransom, dam of this calf, was bred by Duncan Marshall, with three generations of T. A. Russell breeding behind her.

When Elcona bought her from Ed Murphy in October, 1940, she was carrying a bull calf by Rigfoot Sensation, which sold to Ed Beals in the 1942 Shore Acres-Elcona Sale for $1000. Her second calf, by Sni-A-Bar Royal Baron, was a heifer which placed second in a strong class in the 1943 International and sold to Jim Ewell for $1225. Her third calf, also a heifer by the same sire, sold for $800 in the 1944 International to Mr. and Mrs. A. J. McAllister.

Elcona Ransom Baron is her fourth calf. On October 28 last she dropped another heifer. All five of her calves have been solid red. Her last four, all by Sni-A-Bar Royal Baron, have arrived at an average interval of just twelve months.

His own sire established an enviable show record and his promise in the show ring has been realized in the uniformly high quality of his offspring. His dam's sire is a son of Calrossie Goldfinder, he a son of Collynie Royal Leader, and grandsire of Supreme Goldfinder. Tomson, sec'y, Shorthorn Ass'n; Jim Boyle, Swift & Co.; John R. Thompson Jr., pres. Thompson's Restaurants, buyer; C. A. Henkel, Mason City, Iowa, breeder.

Modern TYPE + EXTRA Weight = GREATER PROFIT

Courtesy American Shorthorn Breeders' Association, Stockyards, Chicago 9, Illinois, Write us.

This load of Shorthorn feeders, grand champions over all breeds at the 1946 Denver National Western. averaged 475 lbs. each, sold for 47 cents a lb., brought $223.25 apiece, highest total price ever paid per feeder steer. They outsold by $20 a head feeders of another breed of the same age which later brought 50¼ cents a lb. They were exhibited by the Winkler Sisters, Castle Rock, Colo., and sold to Albert and Ed Fritzler, Sterling, Colo.

SHORE ACRES ACHTOI—Is the son of Imp. Cruggleton Achtoi that we chose to retain for herd service. We liked his individuality and we knew so many good things about his ancestry that we felt very safe in using him. His dam is a full sister to Brilliant Knight that won first prize at the Ohio State Fair. His granddam was a top female in a former Edellyn Sale. Eight heifers in this sale carry the service of Shore Acres Achtoi and there can be no doubt about the kind of calves that will result from these matings.

AUGUSTA'S PRIDE E—This is an added entry that has been included in this sale at the insistence of Sale Manager Hal Longley. We realize that she is too young to bring her true value, but she is so typical of the calves by Imp. Cruggleton Proud Prince that we believe there will be advertising value in displaying her on sale day. She is out of an imported Augusta cow and a member of the most prolific family in the Shore Acres herd. Unfortunately, we did not know we were going to sell her on the day the photographer was here so we cannot display a picture of this beautiful heifer. She is a show prospect. Her imported dam, now 7 years old, has had six calves, all very choice, and five of them have been heifers.
